Volume XXVI #6

Our 56th Year June 2007

Super Systems and Super Stations

Our guest speaker tonight will be **David Corsiglia, WA6TWF**. Dave has been licensed for 29 years and is a pioneer in repeater and low band remote base operations.

Twenty-three years ago he came up with the idea of putting up a 2 Meter repeater on Catalina Island and organized the Catalina Repeater Association. The repeater is still active on 147.09 MHz. He then focused on a private 440 MHz system with low band remote capabilities. This system allows a Ham to come in on 440 MHz using just a hand-held HT or a mobile transceiver and out on any band from 80 Meters to 440 MHz.

Over the years he has donated much time to frequency coordinating committees and has been an officer of two of them.

Dave also had a two way radio business and became the world's largest Uniden business band hand-held radio dealer, and two year's later became the world's largest Yaesu business band hand-held radio dealer.

After he sold his business in 1983 he went back into flying and was hired as a pilot for Continental Airlines. After twelve years of flying he had to give it up because of a health problem and now owns an Allstate Insurance agency in Whittier.

Dave is also owner of the Super System (see <http://www.wa6twf.com/>) which is a fee based system of linked repeaters. His main topic for the evening will be on the most expensive Ham radio station in the country. Hint: its supposed to be in Hemet. So we'll all have to see what that's about.

Come join us for an interesting presentation.

Due by the 15th of the Month!

VE Exams

The Downey Amateur Radio Club provides VE examinations for all classes of Amateur Radio licenses on the **third Saturday of each even-numbered month**. Exams are held at the Downey Fire Department Headquarters, 12222 Paramount Boulevard, beginning at 8:30 AM. The exam schedule for 2007 is as follows:

June, August

Contact **Steve Grudzinski**, AD6HT at 951-674-4699 prior to the session.

Saturday Breakfast Location

Many DARC Club members meet for breakfast each Saturday morning at 6:30 AM at the Nordic Fox Restaurant, 10924 S. Paramount Blvd., in Downey (1/2 mile south of Florence Ave.) The restaurant reserves an area for DARC and offers good food at reasonable prices. See you there!

Club Cups, Caps Shirts and Jackets

Item	On Hand?	Price
Caps	Yes	\$8.00
Jackets	Yes	\$35.00
T-shirts	Most Sizes	\$10.00
Polo Shirts	Most Sizes	\$16.00
Coffee Mugs	Yes	\$3.00

Pay when ordering.
Contact **Paul Metzger**, KQ6EH at any meeting

The ARRL/VEC test fee is \$14.00 for all tests. The fee is controlled by the FCC but goes to the ARRL to cover their expenses in providing the tests and handling the applications

After the test session please wait 10 days before contacting the ARRL at (860) 594-0300 or <http://www.qrz.com/callsign> for new license information. Please do not call the FCC directly.

**ARRL: American Radio Relay League
The National Association for Amateur Radio**

One of the benefits of membership is the QST Magazine

QST, Your Monthly Membership Journal

QST is simply **the source** for news and information on any topic that's part of, or relates to, Amateur Radio. Here's some of what you'll find every month:

- Informative and hard-hitting Product Reviews of the newest radios and accessories from hand-held and mobile FM radios, to home-station transceivers, antennas and even shortwave radios.
- Advertisements. You'll find everything from full-color pages introducing new radios to a large classified ad section.
- Each month's Coming Conventions and Hamfest Calendar columns show you who's getting together every month at Hamfests, conventions and swap meets in your area.
- The Public Service column keeps you up to date on the public service efforts hams are providing around the country and shows you how you can join in this satisfying aspect of our hobby.
- Digital Dimension covers news in the Amateur Radio digital world and includes information on useful Web sites.
- The New Ham Companion section is filled with features and how-to information just for beginning hams. There's no jargon-filled "tech talk"--just straightforward, easy-to-understand articles designed to get you on the air doing the things you like best.

Whether you're interested in contesting, DXing, or radios, accessories and antennas you can build at home, *QST* covers them all: New trends and the latest technology, fiction, humor, news, club activities, rules and regulations, special events, packet radio, and much more.

Email Roster Request

For some time now, I've been thinking the Club should have a roster of e-mail addresses for its members, just as we do for residences and phone numbers. Since it was my idea, I have the responsibility of drawing it up.

If any member would prefer not to have their address on the list, please let me know. If you have an e-mail forwarding agreement with the A.R.R.L., I can use that address instead of your personal one.

My home phone is 562/861-6069 and e-mail at wb6zgf@verizon.net.

Dave Buhler, WB6ZGF
VP - Service

Field Day is coming soon! See page 14 for information.

Swap Meet Information

CHHS Electronics Swap Meet

Chino Hills High School
16150 Pomona Rincon Rd
Chino Hills, CA

Held the **third Saturday of each month**, 6:30 to 11:30 AM
See: www.chhsmusic.com/electswap.html

W6TRW Swap Meet

Northrop Grumman Parking Lot
Corner of Marine and Aviation
Manhattan Beach, CA

Held the **last Saturday of each month**, 7:00 to 11:30 AM
Talk-In 145.320, PL 114.8

Where we meet:

We meet at 7:30 PM in room 120 of the **First Baptist Church** in Downey. The church is between 2nd and 3rd streets, near City Hall, address is 8348 E. 3rd St. Use 2nd St, east from Downey Ave (1 block north of Firestone Bl), adjacent to City Hall. Entrance via double glass doors on the north side of 2nd St.

Hawaiian Days Volunteers Needed

The Hawaiian Festival time is coming up in **July** and many volunteers will be needed. The Ho'olaule'a will be at Alondra Park in Lawndale, CA again this year. The Hawaiian Inter-Club Council of Southern California (HICC) sponsors the Ho'olaule'a. For the new Hams, this event is two days, (July 21st & 22nd) on Saturday from 10:00 AM to 5 PM and Sunday from 10:00 AM to 5 PM. There will be continuous entertainment and many food booths and various Hawaiian goods, arts and crafts for sale. This event will have 10,000 or more people visit the park. This is a great event and great fun.

DARC will provide communications to coordinate between HICC Officers & Event Coordinators, the LA County Recreation Department and the Event Security unit. **This effort requires about 20 volunteers each day.** There are two shifts each day, but as for any event, the more volunteers we have, the shorter the shifts. The shift hours are between 7 AM to 5:30 PM Saturday and 8 AM to 5:30 PM Sunday. Normally there are two shifts and lunch will be provided.

There are several positions that require walking (shadows) and others where no walking is required. The equipment required is a 2M HT, spare batteries, ear speaker or headset, and possibly you may want to bring a hat, chair and water bottle. The operational frequency will be the club simplex, with talking on the DARC Repeater.

Please sign up at the next meeting or contact AE6DT (Buck Kerns) or WB6ZGF (Dave Buhler) as soon as possible.

Downey Street Faire Follow Up

The Downey Street Faire was on April 28 this year and the DARC has been there from its beginning fourteen years ago and we have been communicating for the Chamber of Commerce effectively..... until now.

Last year, commercial H.T.s were provided to some of the Chamber staff and volunteers, but lack of familiarity with them led to our being used pretty much as usual. This year, however, was a different story. Approximately 98 per cent of the communications that day were NOT on amateur frequencies. Fortunately there were no major incidents but then, attendance seemed to be down from previous years.

MARSHALL ISLANDS, V7RY. Randy is operating RTTY, PSK31, and other digital modes.

MOUNT ATHOS, SV2ASP/A. Monk Apollo has been active on 20 meter CW. QSL direct.

POLAND, HF750C. Special event station HF750C is on the air until June 30 to mark the 750 years of Krakow. QSL via SP9BRP.

UNITED ARAB EMIRATES, A61NT. Ghis is active on 17 meters around 1600z. QSL via ON5NT.

DX NOTES by Mike Gauthier, K6ICS

June Propagation Outlook

June will be another tough month for DXers. Summer background noise is high. Watch 10 meters for sporadic daylight openings. The best openings will be on 20-40 meters at night.

To check current and past propagation, visit the monthly propagation charts between four USA regions and twelve overseas locations are at, <http://www.arri.org/qst/propcharts/>.

June DX

PREFIX UPDATE. The International Telecommunications Union, ITU, now lists the 4O prefix as belonging to Montenegro, and includes call areas 0 through 9. Serbia will continue to use the YT and YU prefixes, and includes call areas 0 through 9. The 4N and YZ prefixes have been given back to the ITU for future use by another nation.

ANDORRA, C31LJ. Peter has been active on 20 meters around 1500z. QSL via VE3EXY.

BURUNDI, 9U0VB. Vlad, UA4WHX, is activity is on 30 to 10 meter CW and SSB. His length of stay is unknown. QSL direct to home call.

CHAGOS ISLAND, VQ97JC. Jim, ND9M will be operating a with special call sign VQ97JC from May 23 to June 5. He will be active as much as possible while on work assignment here. He plans to be an entry in the upcoming CQ WPX contest. QSL to home call.

FRANZ JOSEF LAND, R1FJT. Jack is has been active on 30, 20 and 17 meters using RTTY at various times. QSL via UA4RC.

GUINEA, 3XY5M. Michael, PA5M is on work an assignment for the UN World Food Program. He is activity is on 160 to 6 meters during his spare time. QSL direct via PA7FM.

HAITI, HH2FYD. Yannick, F6FYD is on work assignment in Haiti. He is active in his spare time. QSL to home call F6FYD.

INDONESIA, YB. Hans, PA0HOP as YB9AQW and YB9/PA0HOP from Bali, IOTA OC-022, until June 20. He is active using RTTY, PSK31, Feld-Hell and Olivia. QSL these two callsigns for this operation only via PA0HOP.

As usual, we had a booth on the street and met many people who stopped by and we distributed literature about Ham Radio and the Club. This resulted in two of the people we talked to coming to the May meeting and one of them has even joined us. We may have more, we hope.

On behalf of the Downey Chamber of Commerce and its Street Faire Committee and for myself, I want to thank the following for their assistance that day: **Buck Kerns**, AE6DT, **Doug Lyon**, N6WZI, **John Powell**, KF6EOJ, **Rick Norwood**, KD6KHJ, **Frank Myllo**, KC6YPV, **Arlene Schwartz**, KE6GFI, **Ed Roos**, KC6ZHY, **Blackie Snodgrass**, KB6RKW, **Frank Hornberger**, N6ZDS and **Larry Vaughn**, KD6NZW.

Although the Street Faire provides an excellent public relations and recruitment opportunity, we may need to rethink our participation as communicators if the Chamber continues to provide their own radios.

Dave Buhler, WB6ZGF

Minutes of the D.A.R.C. Board of Directors Meeting – May 8, 2007

Dave Buhler, WB6ZGF, VP Service, called the meeting to order at 7:41 PM in the Emergency Operations Center (EOC) at Downey Fire Station #1, and welcomed all board members. Other Board members present were; Dick Palmer, WB6JDH, VP Programs; Arlene Schwartz, KE6GFI, VP Membership; Paul Metzger, K6EH, VP Ways & Means; Ron Evedland, W6QM, Secretary; Hornberger, N6ZDS, Treasurer; Buck Kerns, AE6DT, Director, Two Years, and Tom Van Buskirk, K6TV, Director, One Year.

Board members absent were: Sam Lollar, K1SL, President, and Ed Roos, KC6ZHY, 1st VP .

Officers Reports:

VP Programs: Dick reported that at this time he did not have a speaker for June.

VP Membership: Arlene reported that 36 people attend our last meeting, with 9 guests. One of the guests, Bryon Dillon, KB7YWH, who was attending for his first time as a result of the Downey Street Faire, joined and became a member.

VP Service: Dave had nothing to report.

Secretary: Ron had nothing to report. .

Treasurer: Frank distributed copies of the Treasurers Report.

Director, Two Years: Buck had nothing to report.

Director, One Year: Tom had nothing to report.

The minutes of the April Board meeting and the Treasurers report were approved.

Planning Calendar:

June 22 & 23 07-Field Day. Will again be held in the Downey EOC, city clearance still needed.

July 21 & 22, 07-Hawaiian Days, Volunteers are still needed for this event, FREE FOOD!.

Old Business:

Repeater Activities: Dave Buhler reported that a response had been received from Glenn Allen regarding repeater performance issues with the Altadena repeater. After the board reviewed the letter, it was felt that progress had been made in working the issues. Glenn also felt that we should not move the repeater since we would have to contact SCRRBA and we could lose our frequency. Arlene questioned an expenditure of \$300 for recently added equipment. Another question was asked concerning a recently acquired amplifier. Dave said that he would talk with Glenn and get some answers to these questions. In his letter Glenn also agreed to keep the board updated on the repair and progress made in working the board issues.

Silent Key Committee: Dave Buhler reported that he had talked to Mrs. Fujimoto concerning her late husband's ham radio estate, and she remains very patient. Dave indicated that he has received price data from committee members and would be setting minimum prices on each piece of equipment. Buck Kerns reported that he has checked out all of the equipment and it was in working order. Dave has not set a firm date for the auction yet, but it will be forthcoming soon.

LA Hamcon: No report since Sam Loller was absent.

DARC Web Site: The board members that had recently reviewed our

Raffle Information

Just a reminder that all tickets for our club raffles throughout the year are put in the bin for the yearly grand prize(s) that will be drawn at the annual November luncheon.

Larry Tinkler, K6LXT, has been spinning the ticket drum for us. He has been bringing some interesting items for the raffle drawings. From time to time there may even be some special prize drawings.

Remember, the raffle is totally self-supporting with the proceeds going towards the purchase of items for the next raffle, and so on. The more raffle money, the better the prizes and selection.

John Powell, KF6EOJ

available for some part of the day during the hours of 10:00 AM to 4:00 PM.

Larry, K6LXT then conducted the raffle. The first winner was Ken Carlson, N6SWO, a Car Jump Starter, and Battery Pack; Other winners were Kent Savage, K6WCI, a Heat Gun; Ron Eveland, W6QM, a Halogen Lamp; Ivan Mikulich, KB6ATT, a Foot Switch;, Dick Palmer, WB6JDH, a 13 pc Screwdriver Set.

Sam wished everyone good evening and the meeting was adjourned at 8:40 PM.

Respectfully Submitted,
Ron Eveland, W6QM, Secretary

Field Day Operations, Coming Soon!

Once again Field Day is coming up fast. The DARC Field Day this year is scheduled to be held at the Downey City Emergency Operations Center behind Fire Station #1, 12222 Paramount Blvd.

Operating from an official EOC qualifies us to operate as Class "F" which was authorized by the ARRL several years ago and means we will be operating in a much less crowded field when the results are tabulated.

We will be operating continually from the start time of 11:00 AM local (1800 UTC) on **Saturday, June 23** until 11:00 AM local on **Sunday, June 24. Set up time will be noon on Friday the 22nd.**

We will need many operators to staff the station, so if you are interested in participating in one of the League's oldest contests, please contact **Dave Buhler**, WB6ZGF, at wb6zgf@verizon.net or 562/861-6069.

This is a chance to work many bands and many modes, under the W6TOI call sign. VHF, UHF, HF and possibly even Amateur TV.

Even if you can't make the DARC event get your ID information together and work some Field Day stations. See www.arrl.org for more information and Field Day rules as they have changed from last year.

web site all agreed that it looked much better. Some minor problems were noted by Buck Kerns concerning phone numbers. Dick Palmer reported that he was still working to get the access codes transferred.

New Business:

Warren High School: Mark Niehaus, KC6OFR, addressed the board about a friend, George Redfox, that teaches at Warren Mark is requesting that our club consider checking out an old antenna that has been in place at the high school for many years, and if it works, do a talk and demonstration of ham radio for students. Dave Buhler agreed to write an article for Q5 to see if there was an interest by club members.

Club Logo Items: After some discussion concerning our present silk screened items, the board asked Paul Metzger, K6EH, VP Ways & Means, to check into obtaining some embroidered caps, jackets and polo shirts that club members could purchase. Paul agreed and will report back when he obtains some information and price quotes. .

General Comments:

Dick Palmer reported that some clubs buy dinner for their speakers as a courtesy. Dick asked if we would consider doing the same for our speakers. After some discussion, the request was declined, and that no action would be taken at this time.

Arlene Schwartz reported that she observed a club listing error on the World Radio web site. It still shows our club meeting location as the Sussman Middle School in Downey. A request will be sent to World Radio advising them of the change in locations.

The meeting was adjourned at 8:55 PM.

Respectfully submitted,
Ron Eveland, W6QM,
Secretary

D.A.R.C. General Meeting Minutes – May 3, 2007

Sam Lollar, K1SL, President, called the meeting to order at 7:30 PM with 36 persons in attendance, and welcomed everyone. He then led the Pledge of Allegiance.

Sam then introduced himself and then asked all those in attendance to each introduce themselves'.

Next the meeting was turned over to Dick Palmer, WB6JDH, VP Programs who had to come up with an instant program since the original speaker for the evening had to cancel. Dick and our own Larry Tinkler, K6LXT, came up with a shared presentation on the history and evolution of the regenerative receiver. Larry began his part of the presentation with a brief introduction of himself and his start in ham radio 50 years ago. Larry next went into the origin of the regenerative circuit, which had been patented by the inventor of FM radio, Edwin Armstrong, while he was a junior in college in 1914. A regenerative circuit uses positive feedback to greatly increase the selectivity and sensitivity of a simple receiver. Positive feedback builds up the input signal to very high levels. Finally the regenerative receivers began to lose market share with the introduction of the super heterodyne receivers in the 1930,s so few were built in later years. Larry also brought several examples of this type of receiver from his large collection of early radio equipment, and demonstrated they still work using a National SW-3. Dick Palmer finished the presentation with a discussion of early tube circuits to present day solid state circuits. Regenerative circuits have a long history and are still built by electronics experimenters and students today.

The meeting was adjourned for a short break.

After the break Sam asked for motions to approve the General Meeting minutes as they appeared in the Q5. Motion made, seconded and approved.

He then asked for a motion to approve the Treasurer's Report as it appeared in Q5. Motion made, seconded and approved.

Sam then asked if there were any other announcements. Arlene Schwartz, KE6GFI, VP Membership introduced Lorry Moore who was visiting for the first time and is interested in getting her ham ticket. Arlene then discussed the past Sweepstakes contests, and upcoming contests and club events for the month of May. When Arlene mentioned Kids Day to be held on May 12th a discussion followed, and Buck Kerns, AE6DT, volunteered to head the event. Larry Tinkler, K6LXT, also volunteered to help. It was noted that additional volunteers will be needed and everyone was asked to check their calendars to see if they could be
